Mr Howland Ward.

New York City.

Dear Sir -

In reply to your letter of March 22nd addressed to Robert P. Swift, in reference to a decadrachm of Syracuse. Would say that this medal belongs to me, and as I have no particular interest in medals, would be willing to consider a fair offer for same.

Would have written you sooner but have just returned from a trip to Bermuda, thanking you for your consideration.

Yours truly,

J. S. Francis

Dear Sir:

In reply to your letter, would state that one of our members, based upon the description of your piece as we remembered it, would give you \$250 for it. This you will see if considerably more than we offered, and we consider it a very good offer. In case you do not care to send the medal, we would be very glad to have you bring it in if you are coming; it would be best, however, to let us know beforehand.

Very truly yours,

Curator
